

Online Library Resource Guide

NoveList

INTRODUCTION

Your library has access to a wealth of information in the form of online library resources. Each month, the State Library develops a guide with information about a unique resource that is available through your library. This month's featured online library resource is NoveList.

If you have any questions, please contact the North Dakota State Library at statelib@nd.gov or 701-328-4622.

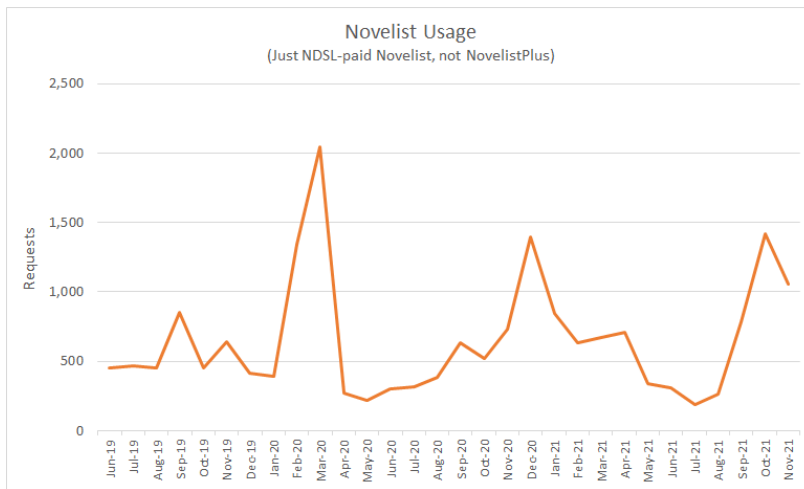

DESCRIPTION

NoveList connects readers to their next book by making recommendations for what to read next. One of the most popular elements is read-alikes, which suggests titles, authors, and series that are "just like" other titles. There are also book discussion guides, curricular connections, and other book-oriented articles, which are perfect for book groups and teachers.

Library usage is a critical component in literacy and educational success, and NoveList provides valuable support. By identifying the right books for every reader, it helps younger readers achieve reading success. Parents, teachers, and students can search by age, reading level, grade, and more.

If your library's website doesn't already include a link to NoveList, we recommend that you add it. Please contact BreAnne at ndsipa@nd.gov or 701-328-4656 if you need any assistance with your WordPress website.

USAGE STATISTICS

For more information about the statistics or to see how much your patrons use NoveList, go to www.library.nd.gov/databaseusage.html or contact Kristen at knorthrup@nd.gov.
