Report the number and amount currently outstanding as of June 30 of business loans with original amounts of \$1,000,000 or less and farm loans with original amounts of \$500,000 or less. However, if the amount currently outstanding as of the report date exceeds this size, the original amount is the amount currently outstanding on the report date. (2) For loan participations and syndications, the original amount of the loan participation or syndication is the entire amount of the credit originated by the lead lender.

(3) For all other loans, the original amount is the total amount of the loan at origination or the amount currently outstanding as of the report date, whichever is larger.
