

MENU of Smoke-Free Eateries and Bars in North Dakota

NORTH DAKOTA
DEPARTMENT of HEALTH

DIVISION of TOBACCO
PREVENTION & CONTROL

CHECK IT OUT

November 2004

Welcome to North Dakota's guide to smoke-free eating establishments and bars. This guide lists all restaurants, convenience stores, bars, coffee shops and other eateries that have been reported to be smoke-free.

Thank you to all our local public health units, tobacco coalitions and citizens for submitting business names to create this smoke-free guide. We also thank the owners and managers listed in the guide for their wise and caring decision to be smoke-free. They understand the benefits of being smoke-free, including:

- Customers (adults and children) and employees are protected from secondhand smoke that has chemicals such as arsenic, cyanide, carbon monoxide and formaldehyde. Secondhand smoke contains 42 carcinogens and is rated as a Group A carcinogen by the Environmental Protection Agency (EPA), which means it is known to cause cancer in humans.
- Seating capacity is increased for the over 80 percent of North Dakotans who are non-smokers.
- Property damage and cleaning costs are reduced for businesses that are smoke-free.

Disclaimer: Every effort is made to ensure that the eateries and bars listed in this guide are totally smoke-free; however, the North Dakota Department of Health is not responsible for businesses that may be misrepresented as being totally smoke-free, and does not guarantee the accuracy of the information placed in the guide. Listing in the guide is not based on food quality or service.

To be listed in our guide, smoke-free eateries and bars have to meet the following requirements:

- Be 100 percent smoke-free during business hours. Eateries and bars with separate ventilation systems with "smoking sections" will not be included.
- Smoke-free restaurants with smoke-free bars will be included.

If you are aware of any eateries or bars that fit these categories and are not currently in this guide, call, fax or mail the business name, full address, phone number, the date the business went smoke-free (if known) and the manager's full name to the North Dakota Department of Health, Division of Tobacco Prevention and Control, 600 East Boulevard Ave., Department 301, Bismarck, N.D. 58505-0200, Phone: 701.328.3138, Fax: 701.328.2036.
