

**North Dakota State Land Department  
School Trust Lands  
NOXIOUS WEED BOUNTY PROGRAM  
2006**

A bounty of \$50 will be offered for the reporting and confirmation of any of the following noxious and invasive weeds which are turned in to the State Land Department between May 1 - August 30, 2006. The weed(s) must be growing on school trust land and/or other land currently managed by the North Dakota State Land Department.

Russian Knapweed *Acroptilon repens*  
Spotted Knapweed *Centaurea maculosa*  
Diffuse Knapweed *Centaurea diffusa*  
Yellow Starthistle *Centaurea solstitialis*  
Purple Loosestrife *Lythrum salicaria*

Dalmatian Toadflax *Linaria genistifolia*  
Yellow Toadflax *Linaria vulgaris*  
Saltcedar *Tamarix ramosissima*  
Houndstongue *Cynoglossum officinals L*

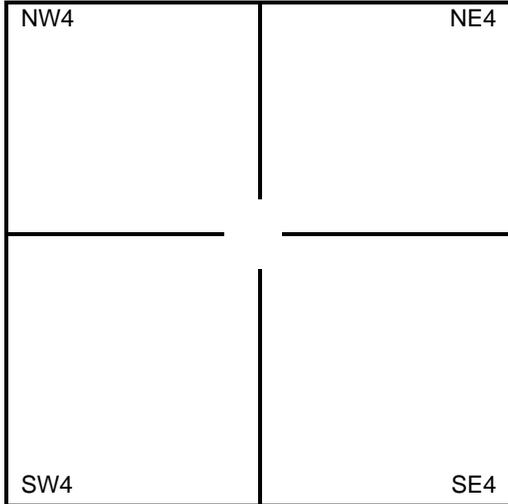

1. There will be a limit of one bounty paid per leasing unit, per year, as identified by the ND State Land Department's current lease for that tract(s). Claimants must be 9 years of age or older, and a resident of North Dakota.
2. The bounty will not be paid for reports of known infestations that are currently in the Land Department's data base of tract information or land files.
3. A complete report of known infestations on school trust land for each county will be provided to interested parties and the county weed boards that request one.
4. All reports must be confirmed by an on-site inspection by a Land Department representative or the county weed officer of the appropriate county. Control work will be completed by the lessee or a contract sprayer and the Land Department will bear 100% of the cost.
5. Once verification is completed, the bounty will be awarded.
6. Infestations that cross property lines are eligible, as long as they are present on school trust lands.

Return form by August 30, 2006
