- To access LearningExpress Library: click on the LearningExpress Library link on your library's website, or log in from home at [www.odin.nodak.edu](http://www.odin.nodak.edu).

### New User Registration

New Users Area of Home Page

- New users wishing to register should click on the "Register" button on the LearningExpress Library home page to get started.

New User Registration Page

- You'll arrive at the "New User Registration" page.
- To register, you must fill in the required fields. When you have completed this step, click "Register."

**Codabar Users Update Page**

- Occasionally when registering, some codabar users enter a library card number similar to another library card number in our database. If this occurs, you'll have to confirm which library you belong to before your registration can be confirmed.

**Registration Confirmation Page**

- When you complete your registration, you'll receive your registration confirmation. Please make a note of your username and password for future access and then click "**Continue**" to taking advantage of all that LearningExpress Library has to offer.

## Returning User Login

**Returning User Login Area of Home Page**

- If you're a returning user, simply enter your username and password into the "**Returning User Login**" area and click "**Login.**"

## Alternate New and Returning User Logins

**Alternate Login Page**

- New and returning users can also log in or register by clicking the "**Login**" link on the top right corner of the LearningExpress Library home page.
- Returning users should simply enter their username and password into the "**Returning Users**" area and click "**Login.**"
- New users should click the "**Register**" button and then follow the previously outlined instructions for registering.

# Getting Started

**LearningExpress Library Home Page (Logged In)**

- Once logged in, you'll be able to view and access all resources found in the Learning Centers.
- The combination of Learning Centers available to you was chosen by your library.
- The different Learning Centers house all the available tests and courses related to the Center's topic.

**Collapsed View of a Learning Center's Categories**

- A Learning Center's tests and courses are organized into expandable categories.

**Subcategory View of a Learning Center's Category**

- Clicking on a category expands it to reveal the related subcategories.

*Expanded View of a Subcategory*

- When you click on a desired subcategory, you will see the available tests and courses related to that subcategory.
- You can find out more about a particular test or course by clicking on it, or proceed to add it your **My Center** page by clicking on the **"Add to My Center"** link.

*"You've Just Added. . ." Page*

- After adding a test or course to My Center, you have the option of starting it immediately or taking it later.
- To start a test or course immediately after adding it, click on the **"Start This Test Now!"** or **"Start This Course Now!"** link.
- If you choose to return to the test or course later, you can then go to your My Center page by clicking on the **"My Center"** link at the top right of the page, or continue to browse the Learning Centers by clicking on a Learning Center tab.

## My Center

*View of a User's "My Center" Page*

- When you are in My Center, you'll be able to view all the tests and courses you have previously selected.
- To start a test or course, simply click on its **"Start"** button.
- To continue a test or course previously started but unfinished, click on its **"Continue"** button.
- To view your personalized score report for a completed test, click on its **"View Results"** button.
