## New Year Intentions

**Submitted by Mary Soucie, State Librarian**

It is hard to believe it is almost the end of another year. It was a busy one! We started out the year with an eventful legislative session, an in-person conference held at the capitol, booths, new collections, and a round of focus groups. Not to mention the uncertainty of our federal funding. Hopefully we'll know something more concrete about that soon.

For many years, I ended my year by deciding on at least one New Year's Resolution. These varied from the number of books I'd read, to a certain amount of exercise, to mailing birthday cards to everyone I know, to being more on top of cleaning. The list of what I could improve on seemed endless. My ability to succeed at whatever goal I'd set for myself seemed limited.

A few years ago, my friend Beck shared that she chooses a word at the start of each year to focus on and that determines her actions for the year. I love this idea. It seems more manageable and most years, I am much more successful at achieving what I set out to when I select my word for the year.

My 2026 word is community. I'd like to focus on building community in my personal and professional life. For the professional side, this means getting out and visiting more libraries, connecting with the ND library community in person and virtually. I will be reaching out to colleagues across the state and nation via text, phone, and messages. I would love to visit your community and learn firsthand about your library's successes and challenges, what your team is most proud of, and how NDSSL can best support you. Reach out to [msoucie@nd.gov](mailto:msoucie@nd.gov) or via text to schedule a library visit. I am especially happy when I get invited to celebrate milestones at a library so keep me in mind if you are celebrating anything. If I can support you virtually or in person, let me know.

I am honored and joyful to be entering into my 12th year as the North Dakota State Librarian. I am truly grateful for this position and for my colleagues here and across the country. Please help me fulfill my goal of building community this year by reaching out via email, phone, text, or snail mail. I think snail mail is a lost art, and I plan to increase my use of it this year as I seek to extend my community.

Whether you set goals, resolutions, or choose a word, please share with me what your plans are for 2026.

## Focus on Libraries: A Discussion with the North Dakota State Library

**Monday, December 15**

The North Dakota State Library is inviting the North Dakota library community to provide feedback on our services and programs to help us determine which are prioritized by the library community. This information will be important if we don't receive federal funding. The information will also be used even if we receive full federal funding to assure we are best meeting the information and lifelong learning needs of the library community and North Dakota citizens.
