LAWS PERTAINING TO PUBLIC LIBRARIES

CHAPTER 40-38- Public Libraries

40-38-01. Public library and reading room - Establishment - Election.

The governing body of any city or county upon petition of not less than fifty-one percent of the qualified electors of the city or county as determined by the total number of votes cast at the last general election or upon a majority vote of the qualified electors thereof voting on the question shall establish and maintain public library service within its geographic limits by means of a public library and reading room or other public library service, either singly or in cooperation with the state library, or with one or more cities or counties, or by participation in an approved state plan for rendering public library service under the Library Services and Construction Act [20 U.S.C. 351-358], and acts amendatory thereof. Such question shall be submitted to the qualified electors upon resolution of the governing body or upon the petition of not less than twenty-five percent of that number of qualified electors of the city or county that voted at the last general election, filed with the governing body not less than ninety days before the next regular election. Library service may be discontinued within any city or county by any of the methods by which library services may be established, except that once established, such service shall not be discontinued until after it has been in operation for at least five years from the date of establishment.

40-38-02. Library fund - Financial Report - Levy - Kept separate - Exemption for city levying tax - Increasing levy.

1. For the purpose of establishing and maintaining public library service, the governing body of a municipality or county authorizing the same shall establish a library fund. The library fund shall consist of annually levying and causing to be collected as other taxes are collected a municipal or county tax not exceeding the limitations in subsection 6 of section 57-15-06.7 and subsection 4 of section 57-15-10 and any other moneys received for library purposes from federal, state, county, municipal, or private sources. In the year for which the levy is sought, a library board seeking approval of a property tax levy under this chapter must file with the auditor of each participating municipality or county, at a time and in a format prescribed by the auditors, a financial report for the preceding calendar year showing the ending balances of each fund held for the library board during that year.

2. The city auditor or county treasurer shall establish and maintain the fund to account for library revenues and shall make payments from the fund for invoices that have been submitted and approved by the governing body of the library. In the case of a contract with another library for service delivery, the city auditor or county treasurer shall promptly transmit all funds received to the established library fund of the agency delivering service. On request of the city auditor or county treasurer and during an audit, the governing board of the library shall supply its records. The records must be provided on a timely basis. The fund may not revert to the governing body of the city or county at the end of any fiscal year. The fund must be used exclusively for the establishment and maintenance of public library service.
3. The governing board of the library may request annually from the governing body of a city or county a tax not exceeding the limitation in subsection 5 of section 57-15-10. Such tax may be levied by the governing body of a city or county.
4. If a county levies for county library service and a city levies a tax for public library service under this section the county tax levy within that city must be reduced so the total levy in that city does not exceed four mills. If the city has been totally exempted from a county library service levy under this section, the phrase “not less than fifty-one percent of the qualified electors of the city or county as determined by the total number of votes cast at the last general election” as stated in section 40-38-01 shall mean fifty-one percent of the total number of votes cast at the last general election in the county less the total number of votes cast at the last general election in the city. If an election on the question is held, the qualified electors of any city so exempted from the county library tax shall not be entitled to vote on the establishment or discontinuance of the county library service.
5. Upon motion of the governing body or upon petition of not less than twenty-five percent of the qualified electors in the last general election of any city, school district, township, or county, filed not less than sixty days before the next election, the governing body shall submit to the qualified electors at the next election the question of whether the governing body shall increase the mill levy a specified amount for public library service above the mill levy limitation set out in this section. The governing body may call a special election at any time for the purpose of voting on the question, and the election shall be

called, conducted, and certified as are other elections in that political subdivision. Upon approval by sixty percent of the qualified electors voting in the election, the governing body shall increase the levy for public library service in the amount approved by the qualified electors.

40-38-03. Board of directors - Appointment - Term of office - Compensation - Filling vacancies - Organization.

1. The governing body of a municipality that has established a public library and reading room, or the board of county commissioners for a county library, shall appoint a board of five directors who must be residents of the municipality or county, as the case may be, to govern the library and reading room. One member of the governing body of the municipality or designated representative must be a member of the board of directors of a municipal library, and must be a resident of the municipality that establishes and maintains the municipal library; and one member of the board of county commissioners or designated representative must be a member of the county board of directors.
2. The terms of office of the members of the first board of directors must be established so one member holds office for one year, two members hold office for two years, and two members hold office for three years. The members, at their first meeting, shall determine the length of their respective terms by lot. Thereafter, the number of directors required to fill expired terms must be appointed each year, and each director may hold office for a term of three years from the first day of July in the year of appointment and until a successor has been appointed. No member of the board may serve for more than two consecutive terms, after which an interval of one year must elapse before the same member may be reappointed. All vacancies on the board of directors must be reported by the board to the governing body of the municipality or the board of county commissioners, as the case may be, and must be filled thereby. An appointment to fill an unexpired term may be for the residue of the term only.
3. The appointing authority shall establish the rate of compensation for directors and actual expenses incurred by directors may be reimbursed at the official reimbursement rates of the appointing authority.
4. Immediately after the appointment of its members, the board of directors shall meet and organize by electing a president. The governing board of a municipality or county establishing public library service

may, in lieu of appointing a library board, contract directly with a library board established by another governing body of a municipality or county for the purpose of extending public library service.

40-38-04. General powers and duties of board of directors.

The board of directors shall have the following powers and duties:

Such lease, purchase, or contract shall not be valid without the approval of the governing body of the city or county. Prior to any actions on such proposals, the governing body shall hold a public hearing on the proposals. Notice of the hearing shall be published at least once, not less than six days prior to the hearing, in a newspaper of general circulation within the city or county. The governing body shall seek the advice and comment of the state library and the general public at the hearing. After such hearing, the governing body of a city or county may establish by resolution a library building fund for the purpose

of construction, enlargement, or alteration of a building or for the purchase of an existing building to be used as a public library. The city auditor or county treasurer shall place in the library building fund all moneys for such purposes as may be appropriated by the governing body or received for such purposes from federal, state, county, city, or private sources. The library building fund shall not revert to the library general fund or the general fund of the city or county without authorization by formal resolution from both the library's board of directors and the governing body of the city or county.

Every library and reading room established under this chapter shall be free for the use of inhabitants of the political subdivision where it is located subject to such reasonable rules and regulations as the board of directors may deem necessary to adopt and publish to render the use of the library and reading room of the greatest benefit. The board may exclude from the use of the library and reading room any and all persons who willfully shall violate such rules.

Copies of the report shall be filed with the governing body of the political subdivision and with the state library.

40-38-10. Contributions by political subdivision to establishment of library without election authorized.

The governing body shall appoint a book committee of three which shall select the books and periodicals from standard and recommended lists furnished by the state library. The selection so made by such committee shall be submitted to the governing body for approval and purchase by such governing body; provided, that the amount so expended for such books and periodicals shall be within the amount appropriated therefor. Books and periodicals purchased with this fund shall be properly stamped as belonging to the city. Such appropriation shall be made and books and periodicals purchased without submitting the same to vote as provided in section 40-38-02. As an alternative, the governing body may contract with a library operated by a city, county, school district, or the state library for the provision of public library service for the city.

40-38-11. Joint public library services by cities and counties.

1. Upon compliance with section 40-38-01 for the establishment of public library services, public library services may be jointly provided through a written agreement between the governing bodies of any city or county or both to establish and maintain joint library services with one or more cities or counties or both.
2. A party shall be bound to an agreement entered into under subsection 1 for an initial five-year term and subsequent five-year terms unless it provides other parties to the agreement with notice of intent to withdraw from the agreement at least two years before the proposed date of withdrawal.

5. A joint library fund shall be established for the public library services covered by the agreement. Taxes within the service area covered by the written agreement under subsection 1 which is outside city limits may be levied within the limitations and according to the procedures provided by law for a county library fund levy and taxes within the service area that is within city limits may be levied within the limitations and according to the procedures provided by law for a city library fund levy.

6. The joint library board shall appoint, and may remove, a treasurer to administer the joint library fund. The treasurer may be a treasurer of one of the parties to the agreement or a member of the board or both. The city auditor and county treasurer of each city or county represented in the agreement and the state librarian shall promptly transmit all funds authorized under subsection 5 and chapter 54-24.2, respectively, directly to the treasurer of the joint library board. The treasurer shall pay out moneys belonging to the joint library board only upon properly drawn vouchers, pursuant to order of the joint library board. The treasurer shall be bonded in such amount as may be specified by resolution adopted by the joint library board.
7. The agreement shall include provisions for the dissolution of the joint library board and distribution of assets in the event the agreement is terminated.

An initial request need not be made in person or in writing, and the copy must be mailed upon request. A public entity may require written clarification of the request to determine what records are being requested, but may not ask for the motive or reason for requesting the records or for the identity of the person requesting public records. A public entity may charge up to twenty-five cents per impression of a paper copy. As used in this section,

“paper copy” means a one-sided or two-sided duplicated copy of a size not more than eight and one-half by fourteen inches [19.05 by 35.56 centimeters]. For any copy of a record that is not a paper copy as defined in this section, the public entity may charge a reasonable fee for making the copy. As used in this section, “reasonable fee” means the actual cost to the public entity of making the copy, including labor, materials, and equipment. The entity may charge for the actual cost of postage to mail a copy of a record. An entity may require payment before locating, redacting, making, or mailing the copy. The public entity may withhold records pursuant to a request until such time as a requester provides payment for any outstanding balance for prior requests. An entity may impose a fee not exceeding twenty-five dollars per hour per request, excluding the initial hour, for locating records, including electronic records, if locating the records requires more than one hour. An entity may impose a fee not exceeding twenty-five dollars per hour per request, excluding the initial hour, for excising confidential or closed material under section 44-04-18.10 from the records, including electronic records. If a public entity receives five or more requests from the same requester within seven days, the public entity may treat the requests as one request in computing the time it takes to locate and excise the records. If the entity is not authorized to use the fees to cover the cost of providing or mailing the copy, or both, or if a copy machine is not readily available, the entity may make arrangements for the copy to be provided or mailed, or both, by another entity, public or private, and the requester shall pay the fee to that other entity. This subsection does not apply to copies of public records for which a different fee is specifically provided by law.

3. Automation of public records must not erode the right of access to those records. As each public entity increases its use of and dependence on electronic recordkeeping, each agency must provide reasonable public access to records electronically maintained and must ensure that exempt or confidential records are not disclosed except as otherwise permitted by law. A public entity may not enter into a contract for the creation or maintenance of a public records database if that contract impairs the ability of the public to inspect or copy the public records of the agency, including public records online or stored in an electronic recordkeeping system used by the agency. An electronic copy of a record must be provided upon

request at no cost, other than costs allowed in subsection 2, except if the nature or volume of the public records requested to be accessed or provided requires extensive use of information technology resources, the agency may charge no more than the actual cost incurred for the extensive use of information technology resources incurred by the public entity. "Extensive" is defined as a request for copies of electronic records which take more than one hour of information technology resources to produce.

4. Except as provided in this subsection, nothing in this section requires a public entity to create or compile a record that does not exist. Access to an electronically stored record under this section, or a copy thereof, must be provided at the requester's option in either a printed document or through any other available medium. A computer file is not an available medium if no means exist to separate or prevent the disclosure of any closed or confidential information contained in that file. Except as reasonably necessary to reveal the organization of data contained in an electronically stored record, a public entity is not required to provide an electronically stored record in a different structure, format, or organization. This section does not require a public entity to provide a requester with access to a computer terminal or mobile device. A public entity is not required to provide a copy of a record that is available to the requester on the public entity's website or on the internet. The public entity shall notify the requester the record is available online and direct the requester to the website where the record can be accessed. If the requester does not have reasonable access to the internet due to lack of computer, lack of internet availability, or inability to use a computer or the internet, the public entity shall produce paper copies for the requester, but may charge the applicable fees under this section.
5. A state-level public entity as defined in subdivision a of subsection 13 of section 44-04-17.1 or a political subdivision as defined in subsection 11 of section 44-04-17.1, may establish procedures for providing access from an outside location to any computer database or electronically filed or stored information maintained by that entity. The procedures must address the measures that are necessary to maintain the confidentiality of information protected by federal or state law. Except for access provided to another state-level public

entity or political subdivision, the state or political subdivision may charge a reasonable fee for providing that outside access. If the original information is keyed, entered, provided, compiled, or submitted by any political subdivision, the fees must be shared by the state and the political subdivision based on their proportional costs to make the data available.

6. Any request under this section for records in the possession of a public entity by a party to a criminal or civil action, adjudicative proceeding as defined in subsection 1 of section 28-32-01, or arbitration in which the public entity is a party, or by an agent of the party, must comply with applicable discovery rules or orders and be made to the attorney representing that entity in the criminal or civil action, adjudicative proceeding, or arbitration. The public entity may deny a request from a party or an agent of a party under this subsection if the request seeks records that are privileged under applicable discovery rules.
7. A denial of a request for records made under this section must describe the legal authority for the denial, or a statement that a record does not exist, and must be in writing if requested.
8. This section is violated when a person's right to review or receive a copy of a record that is not exempt or confidential is denied or unreasonably delayed or when a fee is charged in excess of the amount authorized in subsections 2 and 3.
9. It is not an unreasonable delay or a denial of access under this section to withhold from the public a record that is prepared at the express direction of, and for presentation to, a governing body until the record is mailed or otherwise provided to a member of the body or until the next meeting of the body, whichever occurs first. It also is not an unreasonable delay or a denial of access to withhold from the public a working paper or preliminary draft until a final draft is completed, the record is distributed to a member of a governing body or discussed by the body at an open meeting, or work is discontinued on the draft but no final version has been prepared, whichever occurs first.
10. For public entities headed by a single individual, it is not an unreasonable delay or a denial of access to withhold from the public a working paper or preliminary draft until a final draft is completed,

or work is discontinued on the draft but no final version has been prepared, whichever occurs first. A working paper or preliminary draft shall be deemed completed if it can reasonably be concluded, upon a good-faith review, that all substantive work on it has been completed.

11. A disclosure of a requested record under this section is not a waiver of any copyright held by the public entity in the requested record or of any applicable evidentiary privilege.
12. A public entity may allow an individual to utilize the individual's own personal devices for duplication of records and, if so, shall establish reasonable procedures to protect the integrity of the records as long as the procedures are not used to prevent access to the records.
13. If repeated requests for records disrupt other essential functions of the public entity, the public entity may refuse to permit inspection of the records, or provide copies of the records. A public entity refusing to provide access or copies of public records under this section shall state in writing the reasons supporting the refusal and provide the reasoning to the requester. The requester may seek an attorney general's opinion under section 44-04-21.1, on whether the public entity's decision was proper.

44-04-18.10. Disclosure of public records.

1. A public entity may not deny a request for an open record on the ground that the record also contains confidential or closed information.
2. Subject to subsection 3 of section 44-04-18, if confidential or closed information is contained in an open record, a public entity shall permit inspection and receipt of copies of the information contained in the record that is not confidential or closed, but shall delete, excise, or otherwise withhold the confidential or closed information.
3. An officer or employee of a public entity may disclose or comment on the substance of an open record. Any agreement prohibiting the disclosure or comment is void and against public policy.
4. Unless otherwise prohibited by federal law, records of a public entity which are otherwise closed or confidential may be disclosed to any public entity or federal agency for the purpose of law enforcement or

collection of debts owed to a public entity, provided that the records are not used for other purposes and the closed or confidential nature of the records is otherwise maintained. For the purpose of this subsection, “public entity” is limited to those entities defined in subdivision a or b of subsection 13 of section 44-04-17.1.

5. Confidential records that are authorized by law to be disclosed to another entity continue to be confidential in the possession of the receiving entity, except as otherwise provided by law
6. Records confidential or exempt under subsection 7 of section 44-04-18.4 and which are required to be disclosed to another entity for emergency or disaster prevention, protection, mitigation, response, and recovery or for cybersecurity planning, mitigation, or threat remain confidential or exempt after the required disclosure.

44-04-18.11. Disclosure pursuant to subpoena or order.

1. Unless disclosure under a court order is otherwise prohibited or limited by law, closed records must be disclosed pursuant to a subpoena issued by a court, administrative law judge, or administrative hearing officer, or other court order.
2. Unless disclosure under a court order is otherwise prohibited or limited by law, confidential records must be disclosed pursuant to a court order. Upon request of the public entity ordered to make the disclosure, the court ordering the disclosure shall issue a protective order to protect the confidential nature of the records.
3. Any person who discloses confidential records of a public entity under this section is immune from prosecution for violating section 12.1-13-01.

44-04-18.23. Library, archive, and museum collections - Exempt records.

A public library, archive, or museum may designate a donated record as an exempt record if the donor of the record requests as a condition of the donation that the record not be released to the public for a specific amount of time, which may not exceed twenty years beyond the death of the donor.

44-04-19. Access to public meetings.

Except as otherwise specifically provided by law, all meetings of a public entity must be open to the public. That portion of a meeting of the governing body of a public entity as defined in subdivision c of subsection 13 of section 44-04-17.1 which does not regard public business is not required to be open under this section.

1. This section is violated when any person is denied access to a meeting under this section, unless such refusal, implicitly or explicitly communicated, is due to a lack of physical space in the meeting room for the persons seeking access or lack of electronic capacity to allow public viewing of the meeting through electronic means.
2. For purposes of this section, if the meeting is held in person, the meeting room must be accessible to, and the size of the room must accommodate, the number of persons reasonably expected to attend the meeting. If the meeting is held by electronic means, the electronic capacity must accommodate the number of persons reasonably expected to attend the meeting remotely.
3. The right of a person to attend a meeting under this section includes the right to photograph, to record on audiotape or videotape, and to broadcast live on radio or television the portion of the meeting that is not held in executive session, provided there is no active interference with the conduct of the meeting. The exercise of this right may not be dependent upon the prior approval of the governing body. However, the governing body may impose reasonable limitations on recording activity to minimize the possibility of disruption of the meeting.
4. For meetings subject to this section, if the meeting is held through any electronic means, the information necessary to join or view the meeting electronically must be included in the notice issued under section 44-04-20.

44-04-19.2. Confidential or closed meetings.

1. A governing body may hold an executive session to consider or discuss closed or confidential records.

2. Unless a different procedure is provided by law, an executive session that is authorized by law may be held if:
 - a. The governing body first convenes in an open session and, unless a confidential meeting is required, passes a motion to hold an executive session;
 - b. The governing body announces during the open portion of the meeting the topics to be discussed or considered during the executive session and the body's legal authority for holding an executive session on those topics;
 - c. The executive session is recorded under subsection 5;
 - d. The topics discussed or considered during the executive session are limited to those for which an executive session is authorized by law and that have been previously announced under this subsection; and
 - e. Final action concerning the topics discussed or considered during the executive session is taken at a meeting open to the public, unless final action is otherwise required by law to be taken during a closed or confidential meeting. For purposes of this subsection, "final action" means a collective decision or a collective commitment or promise to make a decision on any matter, including formation of a position or policy, but does not include guidance given by members of the governing body to legal counsel or other negotiator in a closed attorney consultation or negotiation preparation session authorized in section 44-04-19.1.
3. The remainder of a meeting during which an executive session is held is an open meeting unless a specific exemption is otherwise applicable.
4. The minutes of an open meeting during which an executive session is held must indicate the names of the members attending the executive session, the date and time the executive session was called to order and adjourned, a summary of the general topics that were discussed or considered that does not disclose any closed or confidential information, and the legal authority for holding the executive session.

5. All meetings of the governing body of a public entity that are not open to the public must be recorded electronically or on audiotape or videotape. The recording must be disclosed pursuant to court order under subsection 2 of section 44-04-18.11 or to the attorney general for the purpose of administrative review under section 44-04-21.1. The attorney general may not disclose to the public any recording received under this subsection and must return the recording to the governing body upon completion of the administrative review. The recording may be disclosed upon majority vote of the governing body unless the executive session was required to be confidential. Disclosure of the recording by a public servant except as provided in this subsection is a violation of section 12.1-13-01. All recordings under this subsection must be retained for a minimum of six months after the executive session that is the subject of the recording.
6. A public entity may sequester all competitors in a competitive selection or hiring process from that portion of a public meeting wherein presentations are heard or interviews are conducted.

44-04-20. Notice of public meetings required - Exceptions - Schedule set by statute, ordinance, or resolution.

1. Unless otherwise provided by law, public notice must be given in advance of all meetings of a public entity as defined in section 44-04-17.1, including executive sessions and meetings held remotely. Unless otherwise specified by law, resolution, or ordinance, or as decided by the public entity, notices required by this section need not be published.
2. The notice required in this section must contain the date, time, and location of the meeting and, if practicable, the topics to be considered. However, the lack of an agenda in the notice, or a departure from, or an addition to, the agenda at a meeting, does not affect the validity of the meeting or the actions taken thereat. The notice also must contain the general subject matter of any executive session expected to be held during the meeting. For meetings to be held by electronic means, the location of the meeting is the electronic address and any other information necessary to allow the public to join or view the electronic meeting as required under section 44-04-19.

3. If the governing body holds regularly scheduled meetings, the schedule of these meetings, including the aforementioned notice information, if available, must be filed annually with the secretary of state for state-level bodies or for public entities defined in subdivision c of subsection 13 of section 44-04-17.1, the city auditor or designee of the city for city-level bodies, and the county auditor or designee of the county for all other bodies or the schedule must be posted on the public entity's website. This schedule must be furnished to anyone who requests the information. When reasonable and practicable, a governing body of a public entity should attempt to set a regular schedule for its meetings by statute, ordinance, or resolution. This subsection does not apply to meetings of the legislative assembly or any committee thereof. Filing a yearly schedule of upcoming meetings does not relieve a public entity from its obligation to post an agenda for each meeting as required in subsections 2 and 4.
4. The notice required in this section must be posted at the principal office of the governing body holding the meeting, if such exists, and at the location of the meeting on the day of the meeting. In addition, unless all the information contained in the notice was previously filed with the appropriate office under subsection 3, the notice must be filed in the office of the secretary of state for state-level bodies or for public entities defined in subdivision c of subsection 13 of section 44-04-17.1, the city auditor or designee of the city for city-level bodies, the county auditor or designee of the county for all other bodies, or posted on the public entity's website. This subsection does not apply to meetings of the legislative assembly or any committee thereof.
5. The governing body's presiding officer has the responsibility of assuring that public notice of a meeting's date, time, and location, is given at the same time as such governing body's members are notified, and that this notice is available to anyone requesting such information. As soon as an agenda is prepared for a meeting with the information required in subsection 2 and given to members of the governing body, the agenda must be posted at the locations as required by subsection 4 and given to anyone requesting the information. When a request is made for notice of meetings, the request is effective for one year unless a different time period is specified.

6. In the event of emergency or special meetings of a governing body, the person calling such a meeting shall, in addition to the notices in subsection 4, also notify the public entity's official newspaper, if any, and any representatives of the news media which have requested to be so notified of such special or emergency meetings, of the time, place, date, and topics to be considered at the same time as such governing body's members are notified. If the public entity does not have an official newspaper, then it must notify the official newspaper of the county where its principal office or mailing address is located. Topics that may be considered at an emergency or special meeting are limited to those included in the notice.
7. A committee of an institution under the authority of the state board of higher education, in lieu of the notice requirements in this section, may file in the office of the president of the institution the name, address, and telephone number of a person who may be contacted to obtain specific times, dates, and locations of any meetings of that committee or to request specific notification of each meeting of that committee.
8. The attorney general shall prepare general guidelines to assist public entities in following the provisions of this section.
9. This section is violated when a notice is not provided in substantial compliance with this section.

44-04-21. Open voting at public meetings required - Results recorded in minutes.

1. Unless otherwise specifically provided by law, all votes of whatever kind taken at any public meeting governed by the provisions of section 44-04-19 must be open, public votes, and all nonprocedural votes must be recorded roll call votes, with the votes of each member being made public at the open meeting. Procedural votes must be recorded roll call votes upon the request of any member of a governing body holding a meeting subject to this section. As used in this section, "nonprocedural" should be broadly interpreted and includes all votes that pertain to the merits of the matter before the governing body.

2. Minutes must be kept of all open meetings and are records subject to section 44-04-18. The minutes must include, at a minimum:
 - a. The names of the members attending the meeting;
 - b. The date and time the meeting was called to order and adjourned;
 - c. A list of topics discussed regarding public business;
 - d. A description of each motion made at the meeting and whether the motion was seconded;
 - e. The results of every vote taken at the meeting; and
 - f. The vote of each member on every recorded roll call vote.

Notwithstanding subsection 8 of section 44-04-18, the disclosure of minutes kept under this subsection may not be conditioned on the approval of the minutes by the governing body.

Special or Emergency Meetings.

The provision relative to special or emergency meetings is a substitute for the notice ordinarily required and is not an additional requirement for meetings held on short notice; it was not the intent of the legislature to require a more cumbersome notice for a special or emergency meeting than for a regularly scheduled meeting. *Quarles v. McKenzie Pub. Sch. Dist.* No. 34, 325 N.W.2d 662 (N.D. 1982).

The office of management and budget shall arrange to deposit with the state library eight copies of all publications issued by all executive, legislative, and judicial agencies of state government intended for general public distribution. These publications must be provided to the state library without charge. If expense and limited supply of state

publications, particularly audiovisual items, make compliance with the depository requirement impossible, the state library shall accept as many copies as an agency can afford to provide. However, each agency shall provide no less than two copies to the state library. State publications refer to any informational materials regardless of format, method of reproduction, or source, originating in or produced with the imprint of, by the authority of, or at the total or partial expense of, any state agency. The definition incorporates those publications that may or may not be financed by state funds but are released by private bodies such as research and consultant firms under contract with or supervision of any state agency. In circumstances not directly involving the office of management and budget, a state agency shall comply with the depository requirement by arranging with the necessary parties for the printing and deposit of eight copies of any state publication issued. State publications are specifically defined as public documents appearing as reports, directories, statistical compendiums, bibliographies, laws or bills, rules, regulations, newsletters, bulletins, state plans, brochures, periodicals, committee minutes, transcripts of public hearings, other printed matter, audiotapes, videotapes, films, filmstrips, or slides, but not those administrative or training materials used only within the issuing agency. As the document acquisition and distribution agency, the state library shall retain for its document collection two copies of every state document received and transmit the remaining copies to the depository libraries. These are the libraries of the state historical society, the university of North Dakota, North Dakota state university, library of Congress, and two others to be designated by the state library. All nondepository North Dakota libraries may receive state documents under an optional selection program developed by the state library. The state library shall catalog state publications and arrange for their conversion to microfilm or to optical disk storage prescribed by the state records administrator and shall make available for distribution the same to the designated depository libraries.

INTERSTATE LIBRARY COMPACT

CHAPTER 54-24.1- Interstate Library Compact

54-24.1-01. Interstate Library Compact.

The Interstate Library Compact is hereby enacted into law and entered into by this state with all states legally joining therein in the form substantially as follows:

ARTICLE I – Policy and Purpose

Because the desire for the services provided by libraries transcends governmental boundaries and can most effectively be satisfied by giving such services to communities and people regardless of jurisdictional lines, it is the policy of the states party to this compact to cooperate and share their responsibilities; to authorize cooperation and sharing with respect to those types of library facilities and services which can be more economically or efficiently developed and maintained on a cooperative basis; and to authorize cooperation and sharing among localities, states, and others in providing joint or cooperative library services in areas where the distribution of population or of existing and potential library resources make the provision of library service on an interstate basis the most effective way of providing adequate and efficient service.

ARTICLE II – Definitions

As used in this compact:

1. “Library agreement” means a contract establishing an interstate library district pursuant to this compact or providing for the joint or cooperative furnishing of library services.
2. “Private library agency” means any nongovernmental entity which operates or assumes a legal obligation to operate a library.
3. “Public library agency” means any unit or agency of local or state government operating or having power to operate a library.

ARTICLE III – Interstate Library Districts

1. Any one or more public library agencies in a party state in cooperation with any public library agency or agencies in one or more other party states may establish and maintain an interstate library district. Subject to the provisions of this compact and any other laws of the party states which pursuant hereto remain

applicable, such district may establish, maintain, and operate some or all of the library facilities and services for the area concerned in accordance with the terms of a library agreement therefor. Any private library agency or agencies within an interstate library district may cooperate therewith, assume duties, responsibilities, and obligations thereto, and receive benefits therefrom as provided in any library agreement to which such agency or agencies become party.

2. Within an interstate library district, and as provided by a library agreement, the performance of library functions may be undertaken on a joint or cooperative basis or may be undertaken by means of one or more arrangements between or among public or private library agencies for the extension of library privileges to the use of facilities or services operated or rendered by one or more of the individual library agencies.
3. If a library agreement provides for joint establishment, maintenance, or operation of library facilities or services by an interstate library district, such district shall have power to do any one or more of the following in accordance with such library agreement:
 - a. Undertake, administer, and participate in programs or arrangements for securing, lending, or servicing of books and other publications, any other materials suitable to be kept or made available by libraries, library equipment or for the dissemination of information about libraries, the value and significance of particular items therein, and the use thereof.
 - b. Accept for any of its purposes under this compact any and all donations and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state or the United States or any subdivision or agency thereof, or interstate agency, or from any institution, person, firm, corporation, or limited liability company, and receive, utilize, and dispose of the same.
 - c. Operate mobile library units or equipment for the purpose of rendering bookmobile service within the district.
 - d. Employ professional, technical, clerical, and other personnel, and fix terms of employment, compensation, and other appropriate benefits; and, where desirable, provide for the inservice training of such personnel.

- e. Sue and be sued in any court of competent jurisdiction.
- f. Acquire, hold, and dispose of any real or personal property or any interest or interests therein as may be appropriate to the rendering of library service.
- g. Construct, maintain, and operate a library, including any appropriate branches thereof.
- h. Do such other things as may be incidental to or appropriate for the carrying out of any of the foregoing powers.

ARTICLE IV – Interstate Library Districts Governing Board

1. An interstate library district which establishes, maintains, or operates any facilities or services in its own right shall have a governing board of not more than five members to be selected by the boards of the participating agencies which shall direct the affairs of the district and act for it in all matters relating to its business. Each participating public library agency in the district must be represented on the governing board which must be organized and conduct its business in accordance with provision therefor in the library agreement; but, in no event may a governing board meet less often than twice a year.
2. Any private library agency or agencies party to a library agreement establishing an interstate library district may be represented on or advise with the governing board of the district in such manner as the library agreement may provide.

ARTICLE V – State Library Agency Cooperation

Any two or more state library agencies of two or more of the party states may undertake and conduct joint or cooperative library programs, render joint or cooperative library services, and enter into and perform arrangements for the cooperative or joint acquisition, use, housing, and disposition of items or collections of materials which, by reason of expense, rarity, specialized nature, or infrequency of demand therefor would be appropriate for central collection and shared use. Any such programs, services, or arrangements may include provision for the exercise on a cooperative or joint basis of any power exercisable by an interstate library district and an agreement embodying any such program, service, or arrangement must contain provisions covering the subjects detailed in Article VI of the compact for interstate library agreements.

ARTICLE VI – Library Agreements

1. In order to provide for any joint or cooperative undertaking pursuant to this compact, public and private library agencies may enter into library agreements. Any agreement executed pursuant to the provisions of this compact must, as among the parties to the agreement:
 - a. Detail the specific nature of the services, programs, facilities, arrangements, or properties to which it is applicable.
 - b. Provide for the allocation of costs and other financial responsibilities.
 - c. Specify the respective rights, duties, obligations, and liabilities of the parties.
 - d. Set forth the terms and conditions for duration, renewal, termination, abrogation, disposal of joint or common property, if any, and all other matters which may be appropriate to the proper effectuation and performance of the agreement.
2. No public or private library agency may undertake to exercise itself, or, jointly with any other library agency, by means of a library agreement, any power prohibited to such agency by the constitution or statutes of its state.
3. No library agreement becomes effective until filed with the compact administrator of each state involved, and approved in accordance with Article VII of this compact.

ARTICLE VII – Approval of Library Agreements

1. Every library agreement made pursuant to this compact must, prior to and as a condition precedent to its entry into force, be submitted to the attorney general of each state in which a public library agency party thereto is situated, who shall determine whether the agreement is in proper form and compatible with the laws of that state. The attorneys general shall approve any agreement submitted to them unless they shall find that it does not meet the conditions set forth herein and shall detail in writing addressed to the governing bodies of the public library agencies concerned the specific respects in which the proposed agreement fails to meet the requirements of law. Failure to disapprove an agreement submitted hereunder within ninety days of its submission constitutes approval thereof.

2. In the event that a library agreement made pursuant to this compact deals in whole or in part with the provision of services or facilities with regard to which an officer or agency of the state government has constitutional or statutory powers of control, the agreement must, as a condition precedent to its entry into force, be submitted to the state officer or agency having such power of control and must be approved or disapproved by the officer or agency as to all matters within the officer's or agency's jurisdiction in the same manner and subject to the same requirements governing the action of the attorneys general pursuant to subsection 1. This requirement of submission and approval is in addition to and not in substitution for the requirement of submission to and approval by the attorneys general.

ARTICLE VIII – Other Laws Applicable

Nothing in this compact or in any library agreement may be construed to supersede, alter, or otherwise impair any obligation imposed on any library by otherwise applicable law, nor to authorize the transfer or disposition of any property held in trust by a library agency in a manner contrary to the terms of such trust.

ARTICLE IX – Appropriations and Aid

1. Any public library agency party to a library agreement may appropriate funds to the interstate library district established thereby in the same manner and to the same extent as to a library wholly maintained by it and, subject to the laws of the state in which such public library agency is situated, may pledge its credit in support of an interstate library district established by the agreement.
2. Subject to the provisions of the library agreement pursuant to which it functions and the laws of the states in which such district is situated, an interstate library district may claim and receive any state and federal aid which may be available to library agencies.

ARTICLE X – Compact Administrator

Each state shall designate a compact administrator with whom copies of all library agreements to which the administrator's state or any public library agency thereof is party must be filed. The administrator shall have such other powers as may be conferred upon the administrator by the laws of the administrator's state and may consult and cooperate with

the compact administrators of other party states and take such steps as may effectuate the purposes of this compact. If the laws of a party state so provide, such state may designate one or more deputy compact administrators in addition to its compact administrator.

ARTICLE XI – Entry Into Force and Withdrawal

1. This compact enters into force and effect immediately upon its enactment into law by any two states. Thereafter, it enters into force and effect as to any other state upon the enactment thereof by such state.
2. This compact continues in force with respect to a party state and remains binding upon such state until six months after such state has given notice to each other party state of the repeal thereof. Such withdrawal may not be construed to relieve any party to a library agreement entered into pursuant to this compact from any obligation of that agreement prior to the end of its duration as provided therein.

ARTICLE XII – Construction and Severability

This compact must be liberally construed so as to effectuate the purposes thereof. The provisions of this compact are severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and applicability thereof to any government, agency, person, or circumstance is not affected thereby. If this compact is held contrary to the constitution of any state party thereto, the compact must remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

54-24.1-02. Must comply with state and local laws.

No city, township, or county of this state may be party to a library agreement which provides for the construction or maintenance of a library pursuant to subdivision g of subsection 3 of Article III of the compact, nor pledge its credit in support of such a library, or contribute to the capital financing thereof, except after compliance with any laws applicable to such cities, townships, or counties relating to or governing capital outlays and the pledging of credit.

For the purposes of computing and apportioning state aid to an interstate library district, this state will consider that portion of the area which lies within this state as an independent entity for the performance of the aided function or functions and compute and apportion the aid accordingly. Subject to any applicable laws of this state, such a district also may apply for and be entitled to receive any federal aid for which it may be eligible.

1. One dollar, or a percentage thereof, for each person residing in the city or county operating or providing financial support for the public library, as determined by the latest official federal census; and
2. Five dollars per square mile [259.00 hectares], or a percentage thereof, of land within the geographical boundaries of each county operating or providing financial support for a public library.

54-24.2-02.1. Other public funds defined.

“Other public funds”, as used in sections 54-24.2-03 and 54-24.2-05, means moneys appropriated for public library services by the governing body of the political subdivision providing public library services under chapter 40-38 in addition to the mill levy made for public library services.

54-24.2-02.2. Maintenance of local effort.

1. A public library is not eligible to receive funds under this chapter during a fiscal year if the governing body has diminished, from the average of the three preceding fiscal years, the appropriation, in dollars, derived from the mill levy for public library services under section 40-38-02.

2. If the governing body is levying the maximum number of mills it can levy without having an election to increase the mill levy and the appropriation is diminished below the average of the three preceding fiscal years solely because of a reduction in the taxable valuation, then the public library is eligible to receive funds under this chapter.

54-24.2-03. Incentive for local funding.

To provide for increased local funding, public libraries eligible to receive funds under section 54-24.2-02 shall have the funds allocated to them modified in accordance with the following formula:

Cities levying

6.00 - 7.99 mills	125 percent of allocation
4.00 - 5.99 mills	100 percent of allocation
3.00 - 3.99 mills	75 percent of allocation
2.00 - 2.99 mills	50 percent of allocation
1.00 - 1.99 mills	33 percent of allocation
0.01 - 0.99 mills	25 percent of allocation
0.00 - mills	0 percent of allocation

Counties levying

4.00 or more mills	150 percent of allocation

2.00 - 2.99 mills	100 percent of allocation
1.50 - 1.99 mills	75 percent of allocation
1.00 - 1.49 mills	50 percent of allocation
0.50 - 0.99 mills	33 percent of allocation
0.01 - 0.49 mills	25 percent of allocation
0.00 - mills	0 percent of allocation

The computation of mills must be based upon the levy on the taxable valuation and the mill levy equivalent of other public funds received and deposited in the library fund for the operation of the library by the governing body during the preceding fiscal year as certified by the auditor of the city or county operating the library.

54-24.2-05. Limitations.

For public libraries operated by cities, funds granted under this chapter may not exceed thirty-three percent of the total expenditure of mill levy moneys and other public funds during the preceding year. For public libraries operated by counties, funds granted under this chapter may not exceed the following percent of the total expenditure of mill levy moneys and other public funds during the preceding year:

less than \$10,000	100 percent
\$10,000 - \$19,999	75 percent
\$20,000 - \$29,999	67 percent
\$30,000 - \$50,000	50 percent
over \$50,000	33 percent
